

Animals for Adoption

Animals for adoption are only those that are deemed by us as common and appropriate pets. Animal Magic does not adopt out any exotics that we deem dangerous or that are illegal to own. Proceeds from adopted animals are returned to the rescue program. The funds allow us to continue helping animal control, police departments and private citizens in the safe removal of exotics from the community. It also serves to provide food, shelter and veterinary care for rescued animals.

Baby captive bred Red-Tail Boas—These babies are extremely friendly and eat live or frozen mice. These make wonderful pets and they are the perfect medium sized snake. Males max out at about 9 feet and females about 11. We are only asking an adoption fee of \$55 apiece or only \$100/pair.

Sinaloan Milksnakes - We have 1 pair of unrelated, extremely colorful, well marked Sinaloan milksnakes that are looking for permanent homes. These gorgeous tri-color snakes are feeding on frozen pinkies. We are only asking \$55 each or \$100/pr.

Adult Whites (or Dumpy) Treefrogs - We have 11 Adult White's tree frogs (*Litoraea caerulea*) that are looking for permanent homes. They are all feeding on adult crickets and pinkie mice. We're only asking \$17.50 each or \$30/pr.

Baby hairless (aka naked, aka alien) rats – These were all born here at our sanctuary and all are friendly and handled daily. We have both males and females. These are intelligent, unusual, clean pets and they can be housed with the Siamese rats. Adoption fee of only \$15 each.

Baby Siamese rats – These were all born here at our sanctuary and all are friendly. We have both males and females. These are intelligent, unusual, clean pets and they can be housed with the hairless rats. Adoption fee of only \$15 each.

2-3" Captive bred sulcatas. - These young, captive bred, flawless beauties have been fed only the highest quality diets since hatching. Please keep in mind that these are not the best pets for everyone. They require lots of care and they get huge! Only asking \$80 each or 2 for \$150.

5-6 inch Captive bred sulcatas – These captive bred, flawless beauties have been fed only the highest quality diets since hatching. Please keep in mind that these are not the best pets for everyone. They require lots of care and they get huge! Only asking \$125 each

Unusual female hypo lavender striped California king - We have a beautiful female Hypo lavender striped California kingsnake that is looking for a permanent home. She is feeding on live or frozen small mice. Only \$145

Unusual female hypo lavender banded California king - We have a gorgeous female Hypo lavender banded California kingsnake that is looking for a permanent home. She is feeding on live or frozen small mice. Only \$145

8'+ Forest Cobra-Extremely deadly snake, would make a great pet for families with small children or other small pets. Only \$1 adoption fee. OK, this is a joke....just wanted to see how many people read this page!

Assorted turtles-We have numerous turtles that were either abandoned or given to us. None of them are native to Michigan and they would all do well in outdoor ponds (they need to be housed indoors during the winter) or in aquariums. We have sizes ranging from a little over 4 inches to some that are OVER 1 foot!

Adoption fee -Small ones (4-7 inches) Only \$5 Large ones (8 inches and up) Only \$12

Lots of different captive bred tarantulas. Way too many to type here. Please inquire by either calling or emailing us for a complete list.
